SECTION L - INSTRUCTIONS, CONDITIONS AND NOTICES TO BIDDERS

The following has been modified:

Section L**Instructions, Conditions, and Notices to Offerors****L.2.1.5 Site Visits**

Pursuant to FAR 52.237-1, *Site Visit*, a site visit(s) will be scheduled (see below). All Offerors intending to submit an offer on a utility system may attend the site visit. The site visit is intended to provide prospective Offerors with adequate information to prepare proposals. Pot holing (digging up underground utilities to check/verify condition) by the attendees during the site visit will not be permitted.

In conjunction with the site visit(s), a pre-proposal conference will be held where Offerors will be given the opportunity to ask questions. Results of the pre-proposal conference will be documented and made available to all interested Offerors.

The following is the ~~tentative~~ schedule for the site visits and pre-proposal conference (subject to change):

A Pre-Proposal Conference and Site Visit has been ~~tentatively~~ scheduled ~~on or about~~ for 29-30 October 2003 at Building 408 at Fort Riley, Kansas. Point-of-contact for scheduling and appointment information is:

SPECIAL NOTES FOR THE SITE VISITS:

1. The point-of-contact has changed. In order to confirm the list of attendees, those who wish to attend the pre-proposal conference and site visits should submit the following information to Perry Marks via e-mail to Perry.D.Marks@nwk02.usace.army.mil : Name of each attendee; Company/Organization; Telephone/Fax Number(s); and E-mail address.
2. Allow extra time for processing through security. In order to enter the installation, each individual must have a valid Federal or State photo ID. Also, each vehicle must have: (1) current state vehicle registration; (2) proof of liability insurance; and (3) the driver must have a valid state drivers license.
3. The initial meeting is scheduled for 0900 on Wednesday, 29 October 2003. In order to fully document the question and answer process, submit all questions in writing. Questions may be submitted in advance of the pre-proposal conference and site visit via e-mail (see address above).
4. After the conference, attendees will visit the field sites. The site visits will include a visit to the Wastewater Treatment Plant under construction. Attendees wishing to tour this site shall be dressed appropriately for visiting a construction site.
5. The technical library at Fort Riley will have some water tank drawings, construction drawings of the water treatment plant, and construction drawings of the wastewater treatment plant that is under construction. Some of the information requested will be available on the available drawings, in the 1992 water storage facility inspection report, or in the 1997 cathodic protection report that will be in the technical library located at Fort Riley.
6. During the escorted site visits, bidders may take photos only of equipment pertinent to this contract and may only take photos necessary for bid development. No photos of tactical equipment or personnel, and no photos in secured areas are permitted. Photos may not be shared, broadcast, or used for any other purpose other than bid preparation.
